

**Dear Parents:**

I would like to invite you and your student to Indiana Academy's Preview Day, Sunday, March 25. Students and their parents from all over Indiana and many of the surrounding states will be coming on campus for this special day. This event along with the two meals, is all free. In fact, we will be giving away seven scholarships and many free prizes to the students.

You will not want to miss our special presentation on the new electronic classroom that is starting next fall. All of our students will receive a new Apple iPad that they will be using in the classroom. Come see how learning will dramatically change in the classroom next school year. You will wish you were back in school!

This year we are doing something different for our Preview Day. Instead of going two days, we have streamlined it into one day, in hopes that all the parents can attend. We have created two tracks, one for the students and one for the parents. During the parent track you will be able to tour the campus, meet all the staff, learn about the scholarships and student assistance programs available and get all of your questions answered. The student track will include the opportunity to visit the classrooms and meet the teachers and have fun playing some group games.

During your visit we will share our enhanced mission and vision for Indiana Academy and show you some videos that encapsulate the great things that are happening at Indiana Academy. It seems that not another week goes by without some new disaster in the news. Despite man's effort and optimism, the world is not getting better. We are told that the events at the end of time will move rapidly. It is time to become more serious in preparing our hearts for our Lord's soon return. Indiana Academy can be a haven and a catalyst in assisting you in this important mission of training of your young person.

Please take a moment to register online at [www.iasda.org](http://www.iasda.org). Follow the links on the home page for more information. If you are coming from a far distance to attend our Preview Day and need to stay overnight, please call me.

I look forward to meeting you on the 25<sup>th</sup>.

Sincerely,

Allan Smith
